FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain board policies and procedures. This handbook contains important information that you should know. Please take time to become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal. This handbook replaces all prior handbooks and other written material on the same subjects. This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the board's policies and the school's rules as of June, 2013. If any of the policies or administrative guidelines referenced herein is revised after April 1, 2013, the language in the most current policy or administrative guideline prevails. Current copies of board policies and administrative guidelines are available from the principal.

MISSION OF THE SCHOOL

THE SCHOOL DAY

Grades K-5 **9:00 a.m. – 3:30 p.m.** Bus students arrive at approximately 8:45 a.m. If a car rider or walker is eating breakfast, he or she will be allowed in the building at 8:40. All other walkers and students transported by a parent should arrive **NO EARLIER THAN 8:45 a.m.** **Students arriving after 9:00 a.m. will be considered tardy and must signed in by a parent or guardian in the main office.**

Parents are asked to be considerate of our students when picking up children at the end of the day. The school day ends at 3:30 p.m. and all walkers and car riders will be dismissed at this time. While rare occasions such as medical appointments may require students to be dismissed early, regular requests to pick up students early interrupt the instructional day for every other student in the class. We ask that parents don't pick up students before 3:30 p.m. unless absolutely necessary. Car riders will be dismissed from the north door entrance. A teacher will walk the students out of this door.

If there is a change in transportation for the day, the student must bring a note to school to notify the teacher and office of the change. Students will be sent home their normal mode of transportation if they do not have a note. For the safety of our students, if a parent or guardian need to make a last minute change to a student's transportation, and the student is to be a car rider, the parent, guardian, or person picking up the student will need to come into the school office and sign the student out prior to 3:30.

Students will only be released to those people authorized to pick them as indicated on the student information sheet. Please be aware that unfamiliar people will be asked to provide a driver's license as proof of identification.

CHANGE OF ADDRESS

All changes of address or telephone numbers should be reported immediately to the school office. In cases of emergency, current information is vital.

If parents are traveling away from home, the school must be given the names of childcare providers and other persons responsible for the child during the parents' absence

VISITORS TO THE SCHOOL

All doors, including the front entrance, will be locked during the school day. Visitors will have to check in by an intercom to speak with the office. A camera mounted near the intercom will assist office staff in identifying visitors before allowing entry to the building. Ridgeview Elementary School encourages parents and other citizens of the district to visit our building to observe the variety of learning activities taking place. All visitors are required to report to the school office upon arrival to sign in and receive a visitor's pass. The pass should be returned when you leave and sign out. To minimize classroom interruptions, please stay in the office or lobby if picking up students during the school day. For safety, all students are dismissed from the office.

VOLUNTEERS

Ridgeview Elementary School welcomes the many contributions provided by school volunteers. We have an active PTO. If interested in donating your time with the PTO, contact the school for more information.

STUDENT WITHDRAWAL

Parents are requested to notify the school at least one week in advance of withdrawing students from school by filling out the pupil withdrawal form. Student records will not be released until library books, textbooks, and other school property is returned and materials fees are paid.

CLASS FEES - (*Make Checks Payable to Buckeye Local Schools or pay online @ <http://www.buckeyeschools.info/>*)

Kindergarten - \$25.00 per year. This fee will cover drawing and art paper, pencils, crayons, paints, and other similar consumable supplies.

Elementary Grades 1 through 6 - \$15.00 per year. This fee will cover drawing and art paper, pencils, crayons, paints, and other similar consumable supplies.

Late Enrollment Rate for Annual Fees: The late enrollment fee scheduling will be two-thirds after November 30th and one-third after February 28th.

Refund Rate for Annual Fees: The refund fee schedule for withdrawals will be two-thirds until November 30th and one-third until February 28th.

RETURN CHECK POLICY: All return checks will be submitted to eCollect and your account will be debited electronically for both the face amount and returned check fees.

DRESS AND GROOMING

SEE CODE OF CONDUCT FOR KINDERGARTEN THROUGH GRADE 5 DRESS CODE

GYM DRESS

Students will need a pair of tennis shoes with light rubber soles that will not mark the gym floor and can be tied or strapped tightly. Any type of canvas shoe will suffice as long as it meets the requirements. **Sandals or backless shoes are not permitted.** It is also preferred that students wear pants on gym day.

SCHOOL LIBRARY

Students will be visiting the school library once each week where they will be able to choose and check out

books. Students with overdue books may lose the privilege of checking out additional items until the overdue materials are returned. Lost or damaged books must be paid for or replaced. In the case of a student who finds the lost book prior to the end of the year and returns it to the library, money paid for the lost book will be refunded.

LOST AND FOUND

A "lost and found" collection is maintained in the school. Articles not claimed at the end of each nine weeks will be given to a charitable institution

STUDENT ABSENCES AND EXCUSES

The Buckeye Local Board of Education and Ridgeview Elementary School believe that regular attendance leads to higher academic achievement. **Class attendance is the responsibility of the student or guardian. Excessive absences may lead to disciplinary procedures and/or court action.**

The statutes governing school attendance in Ohio are specific and leave little options for school authorities to excuse children from school. Unexcused absences will be dealt with as truancy or parental neglect. The following constitute reasons for absences from the school:

1. **Personal Illness.** The approving authority may require the certificate of a physician;
2. **Illness in the family.** The absence under this condition shall apply to students in grades 9 - 12;
3. **Quarantine of the home.** The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials;
4. **Death of a relative.** The absence arising from this condition is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence;
5. **Students needed at home due to absence of parent or guardian.** Any absence arising because of this condition shall not extend for a period longer than that which the parent or guardian was absent;
6. **Observance of religious holidays.** Any child of any religious faith shall be excused if his/her absence was for the purpose of observing a religious holiday consistent with his/her creed or belief;
7. **Emergency.** An emergency or set of circumstances which in the judgment of the principal constitutes a good and sufficient cause for absence from school.

A written reason must be given by the parent or guardian upon the student's return to school.

When parents request the absence of a student for **family vacation**, such absence will be considered unexcused, but not truant. The request for absence **must be made at least one week prior to leaving**. A student excused under this provision is responsible for obtaining his/her assignments prior to leaving and submitting the completed assignments no later than two days after returning unless arrangements have been made with the teacher. When parents take a student out of school without prior arrangement, the absence will be unexcused and no make-up work for credit will be permitted.

SCHOOL ATTENDANCE & ABSENCE PROCEDURES

When a student is ill or otherwise unable to attend school, his/her parent or guardian should call the school **before 10:00 A.M.** To report a student absence, call 990-3295 or email **r.frazer@buckeyeschools.info**. If you wish to pick up homework for your child, please call before 11:00

a.m. If a student must miss part of a school day to keep a medical or dental appointment, he/she should bring a personal note to his/her teacher, and then to the office. Students will be picked up in the **OFFICE**. A sign-out sheet will be provided on the office counter for parents or guardians to sign out the student. For safety, please do not go to the classroom. Students will only be dismissed from the office.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, etc. are tempting targets for theft and extortion. The School will not be liable for any loss or damage to personal valuables.

TARDINESS

Students who arrive after the start of school (9:00 a.m. / tardy) must check into the office by a parent or guardian before reporting to their classroom.

Refer to Ridgeview **RAMS for Positive Behavior Expectations**

Respectful
Always Responsible
Model Manners
Safe

All teachers use Class dojo to track and monitor student behavior. You can access Class Dojo at <https://www.classdojo.com/> at the start of each school year, teachers will send home parent and student access codes so that parents can communicate and keep track of their child's behavior through Class Dojo.

Positive Acknowledgment and Reinforcement

- Fun Friday Activities-80% or higher positive Dojo points
- Caught Being Good Tickets- given out by teacher for class drawing and then student receives prize from prize box
- Bragg Tag Awards- Given out at the end of each grading period

Consequences

- Loss of Dojo Points
- Phone call home and/or loss of privilege after three reminders in one day
- Principal's Office
- If the behavior is a level 3 or 4 violation the principal will conference with that student the same day. (office referral is attached)

SEVERE CLAUSE: If the offense is of a severe nature, all steps will be bypassed and the child will be sent directly to the principal's office.

All rules listed in the handbook may be superseded by the Buckeye Local Schools Board policy. Most students do follow the rules on a daily basis. Our school will continue to recognize and reinforce appropriate individual and group behavior in a variety of positive ways throughout the school year.

STUDENT ATTENDANCE AT SCHOOL EVENTS

Students are encouraged to attend as many after school events as possible, without interfering with their schoolwork and home activities. Enthusiastic spectators help to build school spirit and encourage students participating in the event. It is strongly advised that students attending evening events as non-participants be accompanied by a parent or adult chaperone. The board is not responsible for supervising

unaccompanied students nor will it be responsible for students who arrive without adult chaperone. Buckeye Local Schools Code of Conduct is in effect at all school-related activities.

STUDENT SUSPENSION: *(SEE CODE OF CONDUCT)*

PARTIES

Parties at school (other than regular school-wide parties) are NOT allowed. With 24 hours notice to the teacher, a small birthday treat may be sent to school with your child. Treats need to be dropped off in the office and then the teacher will be notified so the treats can be picked up at the teacher's convenience. **Minimal time will be allocated for such activity at the discretion of the staff to allow for less interruption of the academic day.** The principal has instructed staff not to distribute any birthday treats until 3:15 p.m. unless a special (art, music, or physical education) is scheduled at that time.

To ensure the happiness of all students, party invitations may be sent to school to pass out to students only if every child in the class will receive one. If only a few students are to be invited to a party, arrangements must be made at home. We cannot provide phone numbers and addresses of students to others.

PROHIBITION OF HARASSMENT *(SEE CODE OF CONDUCT)*

CAFETERIA

The Board of Education recognizes the need for an effective and efficient food service program. Consequently, the Board has installed an automated food service accounting system in order to assist students in obtaining nutritionally adequate meals. Instead of a cash register, we use a touch screen computer with a cash control program. Students are encouraged to prepay or to pay daily for lunches. Checks should be made out to the Buckeye Local Schools and will be entered into the food service accounting system under the student's name. All lunch charges are discouraged. With the automated accounting and billing system, the student may charge a Type A lunch only if he or she forgets their money. Charges will not be permitted for more than five (5) lunches or breakfasts for elementary students. Junior high and senior high students are only permitted to charge one (1) time. After five (5) charges in the elementary school or one (1) charge in the junior or senior high school, a peanut butter or cheese sandwich and milk will be provided. The parents will be notified of the charges and for the potential of legal action to collect the charges if not paid.

At the end of the school year, all charges must be paid in full and if charges are not collected, they will be carried over to the following year. Accounts that have a credit balance will be carried over to the next school year unless a refund is requested. Graduating seniors and students moving out of the district will have their credit balance refunded by check.

Parents or guardians may also provide information that can be attached to this account, such as food allergies or limits on a la carte spending. All communication attached to a student account must be received from parents or guardians in a written and signed format.

There are many advantages to this form of cash control:

- Greater accounting accuracy for student pre-payment purchases
- Protection of free or reduced student lunch status
- Providing parents and guardians greater control and a better accounting of students' cafeteria purchases

For the child's own welfare, all children who eat their lunch at school should remain on the school grounds throughout the school day. Only in case of an emergency will the child be permitted to leave the school grounds. This must be confirmed by a written note signed by the parent or guardian, as well as permission

from the school office.

The cost of breakfast, lunch and milk will be communicated at the beginning of the school year. Prices are subject to change.

We encourage anyone whose economic situations may change throughout the school year to apply for free or reduced breakfast/lunch status. An income schedule for eligibility is available at each school or the business affairs office.

CAFETERIA PAYMENTS & ON-LINE INFORMATION

Payments may be made to lunch accounts through the district website using either the PayPams or MySchoolBucks.com secure on-line transaction links. MySchoolBucks.com can also be used to monitor daily lunch transactions and spending.

"In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age, or disability. Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at (800) 877-8339; or (800) 845-6136 (Spanish). USDA is an equal opportunity provider and employer."

COMMUNICATIONS AND MESSAGES

Problems that may arise relating to the classroom are most effectively resolved by communication DIRECTLY with the teacher.

Whenever a child is being transported by bus to a destination other than his/her own home, written permission is necessary. When a child is going to a friend's house, written permission must be received from BOTH parties. Any phone calls for changes in transportation should reach the office no later than 2:00 p.m. Calls received after this time affects the ability of office staff to monitor student safety during dismissal time.

Students may use the office phone only if they receive permission from a teacher or office personnel.

Parents are not to enter the classrooms during the day to deliver lunches, books, etc. These items may be left in the office for delivery to the students at an appropriate time so that instruction will not be interrupted.

Any message for a student must reach the school by 2:00 p.m. unless it's an absolute emergency. Regular requests by an individual will not be viewed as an emergency.

ASSESSING STUDENT PERFORMANCE & GRADES

Pupil progress is reported by sending a report card home four times during the school year and through parent-teacher conferences. The conferences are held after the 1st and 3rd nine-week grading periods. Through both methods, the school attempts to report academic achievement, attitudes, and study habits.

For grades K-3

Standards-based progress reports for students in grades K~5 will consist of a checklist of curricular standards and grade level indicators used to show progress towards mastery.

For grades 4-5

The following percentage equivalencies for letter grades are used in the elementary school:

A -	Excellent	(100-90%)
B -	Good	(89-80%)
C -	Average	(79-70%)
D -	Poor	(69-60%)
F -	Failing	(59-0%)
I -	Incomplete	

HOMEWORK

The purpose of homework is to enrich and extend the learning begun at school. It is intended to promote independent study and initiative, to provide opportunities for students to draw upon resources outside the school and to allow the parents/guardians an opportunity to understand and provide support for the work that their child is doing at school.

In most cases, homework assignments are due the following school day or the following day of school attendance in situations of personal illness or other excused absence. If because of any emergency or circumstances beyond the student's control, a homework assignment is not completed, parents should send a written explanation to the classroom teacher. All homework should be marked and/or graded. Please remember that homework may be figured into the grade for each nine-week grading period.

RECESS

All children are expected to participate in outdoor activities during recess periods. Children should be sent to school with adequate outer clothing for these play periods each day. This includes boots when there has been rain or snow. Boots, gloves, hats, and coats are needed for winter play. Snowpants are recommended for children in grades K-3. A spare pair of pants is recommended for the younger children during the winter months. **The students should have a change of footgear to wear outside for recess.**

A written note must be sent if, for a health reason, your child is not permitted to play outdoors. This option should be exercised with caution. The demands on the faculty are great during these periods, and it is difficult to provide proper supervision for children who do not participate in the regular program. If a child is to stay indoors for more than five consecutive days, a doctor's note is required. During rain or severely cold weather, indoor recess will be held using a guideline of 16° F. The principal and lunch aides will determine when recess will be held indoors.

INCLEMENT WEATHER AND SCHOOL CLOSING

When inclement weather causes school to be cancelled, an announcement will be made on local radio stations - Ashtabula WREO 97.1 (FM), Ashtabula WFUN (97 (AM)), and Ashtabula 102 WZOO (FM). Please tune to one of these stations if you question whether there will be school. Closing information will also be posted on the district web page @ <http://www.buckeyeschools.info/> and School Connects.

SAFETY

It is the policy of Ridgeview Elementary School to take every possible precaution for the safety of all students, employees, visitors, and others present on school property.

1. **Fire, tornado and lockdown drills are conducted on a regular basis.** These drills provide both students and personnel with practice in responding to emergency situations should they occur.

FIRST AID

If a child should become ill at school, the procedure will incorporate the following general requirements:

1. The school nurse, the principal, school secretary, teacher or other staff member will be responsible for administering first aid. The nurse serves more than one elementary school and is on call at all times for emergency situations or urgent medical problems. The nurse visits our school daily on a regular basis and routine health matters may be discussed during these occasions. A rescue squad will be called in case of serious illness or injury.
2. In accordance with law, the parents of all children will be asked to sign and submit an "Emergency Medical Authorization," which will indicate the procedure they wish the school to follow in event of a medical emergency involving their child. The parental permit and the emergency card will be kept readily at hand in the main office. Any changes to these cards should be reported immediately to the office.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from state immunization requirements. For the safety of all students, the school principal may remove a student from school or establish a deadline for meeting state requirements if a student does not have the necessary immunizations or authorized waiver. Any questions about immunizations or waivers should be directed to the school nurse.

ADMINISTERING MEDICATION

The following staff members are designated as being authorized to administer medication and treatment to students: principal, teachers, school nurse, aide, others designated on a student's IEP/504, and principal designees (Policy #5330), in compliance with state law and the following regulations.

1. Written instructions signed by the parent and physician are required, including the child's name and address, the school in which the child is enrolled, name and purpose of the medication, time and dosage to be administered, beginning and ending dates to be administered; notation of any severe or adverse reactions that should be reported to the physician, including telephone numbers where he/she can be reached in an emergency; special instructions (storage, sterile conditions).

3. **Other oral medications, such as aspirin or other over-the-counter medicine can only be administered by following the above requirements.**
4. The "Request for the Administration of Medication by School Personnel" form and a complete copy of the "Student Medication Policy" are available in the school office.

CONTROL OF BLOOD BORNE PATHOGENS

The Buckeye Local Schools seeks to provide a safe educational environment for students and take appropriate measures to protect those students who may be exposed to blood-borne pathogens in the school environment and/or during their participation in school related activities. Whenever a student has contact with blood or other potentially infectious material he/she must immediately notify his/her teacher, who will contact the main office/nurse and assist the student in completing the requisite documents. The parents of a student who is exposed will be contacted immediately regarding exposure and encouraged to have the student's blood tested for Hepatitis B and HIV by his/her physician. The student's parents are encouraged to consult with the student's physician concerning any necessary post-exposure treatment.

FIELD TRIPS—CHAPERONES

Each classroom teacher may elect to take her or his classroom on a field trip during the school year. The classroom teachers, along with the principal, will decide on the destinations that provide educational value and fun for the students. Field trips are considered an extension of the classroom. As such, students are expected to remain with their assigned group and/or chaperone. Most of the time, there are many parents who volunteer to chaperone the field trips. The teachers will decide on how many chaperones are needed based on board policy, the destination, and size of their classes. Teachers will choose chaperones and contact those chosen for all field trips. Only official chaperones may ride school transportation. All chaperones must have a current FBI & BCI background check on file in the main office.

COMPUTER TECHNOLOGY

Computer use at Ridgeview Elementary School is encouraged and made available to students for educational purposes. The school retains the ownership of all hardware and software. The school reserves the right to inspect, copy, and/or delete all files and records created or stored on school owned computers. Use of all computer generated telecommunications is restricted to school related projects and must be supervised by the teacher or network administrator. Students using the Internet, and the parents/guardians of such students, must complete an **Internet Use Consent Form**, which must be school approved before using the Internet.

EQUAL EDUCATION OPPORTUNITY

Any person who believes that that she or he has been discriminated against on the basis of his/her race, color, disability, religion, gender, or national origin while at school or a school activity should immediately contact the school district's compliance officer identified below.

Patrick Colucci
Superintendent
440-998-4411

Complaints will be investigated in accordance with the procedures described in board policy. Any student making a complaint or participating in a school investigation will be protected from retaliation. The compliance officer can provide additional information concerning equal access to educational opportunity.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the district's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by federal (IDEA) and state law. Contact Special Education Supervisor Sarah Baumgardner at 440-998-6369 to inquire about evaluation procedures and programs.

ANNUAL NOTICE TO PARENTS REGARDING STUDENT RECORDS AND SPECIFIC EVENTS/ACTIVITIES

The school district maintains many student records including both directory information and confidential information.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such directory information upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release, you may wish to consult the board's annual *Family Education Rights and Privacy Act* (FERPA) notice, which can be found at www.buckeyeschools.info

Other than directory information, access to all other student records is protected by (FERPA) and Ohio law. Except in limited circumstances as specifically defined in state and federal law, the school district is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a post secondary educational institution at any age. The Board will provide access or release directory information to armed forces recruiters unless the parent or student requests that prior written consent be obtained.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

The full text of the ANNUAL NOTIFICATION TO PARENTS REGARDING STUDENT RECORDS can be found on the district's website www.buckeyeschools.info.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student's privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of his/her right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the district has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the district's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning the following:

- A. political affiliations or beliefs of the student or the student's parents;
- B. mental or psychological problems of the student or the student's family;

- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and board policy, the superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The superintendent will provide notice directly to parents of students enrolled in the district of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the superintendent is directed to notify parents of students in the district, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and

MEMORANDUM TO PARENTS REGARDING SCHOOL BOARD POLICY ON DRUG-FREE SCHOOLS

In accordance with federal law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school approved vehicles, or at any school-related event. Drugs include any alcoholic beverage anabolic steroid, dangerous controlled substance as defined by state statute, or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and including expulsion from school. When required by state law, the district will also notify law enforcement officials.

The district is concerned about any student who is a victim of alcohol or drug abuse and will facilitate the process by which she or he receives help through programs and services available in the community. Students and their parents should contact the school principal or counseling office whenever such help is needed.

PARENTS RIGHT TO KNOW

The Buckeye Local Schools wishes to notify all parents in all buildings that they may request information regarding the professional qualifications of their children's classroom teachers:

- If the teacher has met state qualification and licensing criteria for the grade level and subject area taught
- If the teacher is teaching under emergency or temporary status in which state qualifications or licensing criteria are waived
- The teacher's baccalaureate degree major, graduate certification, and field of discipline
- Whether the student is provided services by paraprofessionals and if so, their qualifications

The district also provides the following notifications to parents of students in Title I schools as necessary:

- Timely notice that the student has been assigned to be taught, or has been taught for four or more consecutive weeks, by a teacher who is not “highly qualified”
- Information on the level of achievement of the student in each of the state’s academic assessments

The district also provides parents with the option to be informed prior to any application of a pesticide made to school property during the school year. In certain emergencies, pesticides may be applied without prior notice to prevent injury to students and staff, but parents will be notified following any such application. Prior Notification of Pesticide Application Requests will be included in the beginning of the year packet provided to students.

Buckeye Local Schools Code of Conduct

The maintaining of school discipline and proper behavior is essential to the establishment of a proper learning environment. All employees as well as all students are responsible for good discipline within the school setting. A breach of discipline is any conduct of pupils which substantially and materially interferes with the educational environment. Acts of behavior that tend to conflict with the education program, which are hostile to the welfare of other students, the staff and/or the system cannot be tolerated. School authorities cannot accept liability and responsibility for student health, safety and welfare unless the student conforms to the specified standards of good conduct.

In order to maintain the proper learning environment for all students, when a student is found to be in violation of this Buckeye Local Schools Code of Conduct, it shall be considered a serious breach of accepted behavior and disciplinary action will be taken. Unless otherwise noted in the individual section, this code shall be applicable on school grounds at all times or off school grounds during a school-sponsored activity, on any school sponsored trip and at any other time when the student is subject to the authority of the school.

Students who engage in acts that repeatedly violate this code will be subject to more severe consequences for subsequent violations. The school district shall be entitled to maintain records of each student’s misconduct and consider such records in arriving at the type of severity of punishment for a violation of this code.

I. Student Rights and Responsibilities

PURPOSE: So that the student body has a frame of reference upon which reasonable conduct can be based, certain rules are considered necessary. Occasionally a small minority may react adversely to the question of rules in a free society, but it is commonly accepted by the overwhelming majority that regulations are in fact established to promote the general welfare of the people. Most students conduct themselves admirably, in a manner creditable to the family. Unfortunately, we are all aware that student behavior is not always a credit to the family, to the schools, nor to other pupils, and it is in the interest of promoting the safety, health and general well-being of the student body that we feel the need to develop a “code of conduct.” This code of conduct is in effect on school property, at school functions, and on buses transporting students to and from school and school functions.

1. **The Right to Attend School:** Article VI, Section 3 of the Ohio Constitution provides for the establishment and maintenance of a comprehensive public school system. The Ohio Public Schools System is currently divided into over 600 school districts, one of which is the Buckeye Local School District. By law, all residents between the ages of six and twenty-one in any of these districts are entitled to the enjoyment of all educational opportunities provided by the Ohio Public School System.

Along with the right to equality of educational opportunity, each student in the Ohio Public School System has a related responsibility to act in such a way as to not interfere with the rights of others to the same opportunity. Reasonable and necessary order in the school is essential to the continuation of equal educational opportunities. A student may forfeit

his/her right to educational opportunities if his/her conduct is such that it substantially disrupts the educational process and deprives others of their rights.

2. **The Right to Student Participation**: Students shall be encouraged to form and participate in a variety of extracurricular organizations as a means of broadening their educational experiences. These activities are considered an extension of the school day, and as such, all regular school rules shall be observed. It is a student's privilege to participate in or attend these activities; therefore, one must accept the responsibility of abiding by all school rules when he/she does participate in or attend such an activity.
3. **The Right to Participate in School Government**: One of the most obvious and practical ways to expose students to and to instruct them in the principles of sound citizenship is to involve them in the practical daily governance of the school itself. Such involvement would, of course, remain contingent upon the age, maturity and demonstrated ability of students to function as participants in school government.
4. **The Right to Confidentiality**: Under Ohio law, school authorities are required to maintain many kinds of records. These include the student's name, birth date, age, place of residence, names of parents, date of entry and withdrawal, attendance, courses taken and quality of work done. School authorities, therefore, in the valid exercise of their duties, often collect and store confidential types of information which, if placed in the wrong hands or kept out of the right hands, may do harm to the students. Administrators, therefore, assume an obligation to protect students in this regard.

In compliance with the Federal Family Rights and Privacy Act of 1974, and the board-adopted policy on student records, school officials will not release any information to persons or agencies not officially connected with the school itself without prior written consent of the parents or the student if he/she is 18. The law provides some exceptions to the practice. Directory information may be released without permission in certain instances except when individual parents specifically request that this information not be released regarding their child.

5. **The Right to Due Process**: It is generally accepted today that students are entitled to due process when they are subjected to major disciplinary action. Due process in the context of administrative proceedings carried out by the school authorities does not mean that the procedures used by courts in juvenile proceedings must be followed exactly by school authorities when engaged in disciplinary proceedings. It does mean that clear, definite and fundamentally fair rules of procedure must govern disciplinary action taken by the school authorities. Such a procedure is necessary to guarantee that a student will not be deprived of so fundamentally important a thing as school attendance without substantial and just cause. To ensure that the student receives due process, the disciplinary code which students are expected to follow as part of their responsibility in response to the rights enumerated above, as well as the disciplinary actions followed by school personnel, are outlined in subsequent portions of this document.
6. **The Right to Shared Responsibilities**: The conduct of students in school and at school activities is a joint responsibility of the student, the parent and the school. The school will make and enforce rules and regulations concerning the conduct of students at officially sanctioned school activities off school grounds. Parents should accept full responsibility for the conduct of their children once the children are outside the scope of authority of school officials.

Students shall accept full responsibility for their conduct at all times and ALL students, adult and minor, shall abide by the rules and regulations defined in the student handbook for each building.

II. Administrative Actions

1. **Administrative Conference**: An informational meeting is held between the student and administrator to determine the facts involved in a situation. The administrator may issue a verbal warning with or without formal notification to the parent(s).
2. **Detention**: A before or after school detention requires at least a 24-hour notice provided to parents. Transportation is the responsibility of the parent(s). Teacher assigned detentions will be held in the teacher's classroom or a designated area while administrative detentions will be held in the library or office or other designated area determined by each individual school.
3. **Saturday School**: A 3-hour session is held on Saturday morning from 9:00 a.m. to noon at Edgewood Senior High School for grades 4 - 12. Students are responsible for their own transportation and must comply with all of the Saturday school rules (given to the student when the Saturday school is issued) to avoid being suspended. If a student fails to attend the Saturday school, a suspension could be issued.
4. **In-School Detention**: Students who have attendance and/or behavior problems may be assigned to an in-school detention. Students will be given credit in their regular classes for all the work completed while in the in-school detention.

classroom. If a student is absent on the day of the detention, the time must be made up before the student is returned to regular classes. Students who have discipline problems in the in-school detention could receive an out-of-school suspension.

5. **Out-of-School Suspension**: The superintendent, principal, assistant principal and other designated administrators may suspend a student from school for disciplinary reasons outlined in the Buckeye Local Schools Code of Conduct. No period of suspension is for more than 10 school days. Suspensions may extend beyond the current school year if, at the time a suspension is imposed, fewer than 10 days remain in the school year. The superintendent may apply any or all of the period of suspension to the following year.
6. **Emergency Removal of a Student**: If at any time an administrator feels that a student is behaving in a way that creates or has the potential to create a clear and present danger to himself or another person, or significantly disrupts the educational process, the administrator may have the student removed from the building. The student will be released to the custody of the parent, guardian or an officer of the law. The parent will be notified by phone or in writing within 24 hours of the removal.
7. **Court Referral**: School officials file a formal legal complaint with the appropriate court (juvenile or civil). This may be combined with suspension or expulsion; parents are notified by the court.
8. **Expulsion**: This is a formal exclusion from school, school activities and school property for an extended period of time. The expulsion is issued by the superintendent upon the recommendation of a school administrator. Parents are notified of an expulsion in writing.
9. **Appeal Process**: Should a student or a student's parent(s) choose to appeal an out of school suspension, he/she must do so in writing to the superintendent within 5 days of the notice of suspension. The procedure for such is provided in regulations approved by the Board of Education in Policy 5611. The student may be excluded from school during the appeal process. Notice of an expulsion appeal must be filed with the treasurer within 14 calendar days of the notice of expulsion.

III. Code of Conduct

A student shall not, by use of violence, force, noise, coercion, threat, harassment, intimidation, fear, passive resistance or any other conduct, cause, attempt or threaten to cause the substantial and material disruption or obstruction of any lawful mission, process or function of the Buckeye Local Schools. The Buckeye Local School District has a policy of **zero tolerance** with respect to violent, disruptive or inappropriate behavior by its students. A violation of any of the following rules may result in disciplinary action selected from the administrative actions in the previous section.

The following code of conduct relates to the Buckeye Local Schools. Numbers in parentheses are State codes.

8. **Technology Violation (108)**: Except as authorized by a school personnel, students are prohibited from using electronic devices during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using an electronic device to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use an electronic device to violate the privacy rights of another person may have their devices confiscated and held and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated device may be turned over to law enforcement.

We believe there is a definite relationship between good dress habits and both good work habits and proper school behavior. Any type of attire that attracts undue attention to the wearer is in bad taste and, therefore, is not acceptable.

The possessing, taking, disseminating, transferring or sharing of nude, obscene, pornographic, lewd or otherwise illegal images of photographs, whether by electronic data transfers or otherwise (commonly called texting, emailing, or sexting, etc.) may constitute a crime under state and/or federal law. Any person possessing, taking, disseminating or sharing nude, obscene, pornographic, lewd or otherwise illegal images or photographs may be punished under this code of conduct and may be reported to the appropriate law enforcement agencies.
- 24. **Repeated Acts of Misconduct (81)**: Students shall comply with all policies, rules and regulations of the Board of Education. Continual and repeated acts of misconduct will not be tolerated and will be subject to further disciplinary actions being taken.

Searches

General Searches of Students and Personal Items: Students have the right to be secure in their persons and possessions from unlawful searches and seizures. However, school officials have the right to search a student or any student's possessions if such official has reasonable suspicion that such a search will find any object that violates the law or school regulations. If a student is asked to acknowledge the item voluntarily or to cooperate with the search and refuses, school officials and appropriate law enforcement officials contacted may detain the student. Such refusal to cooperate with the search may also subject the student to school disciplinary procedures for failure to cooperate.

Search of Student Lockers/Desks: Students are advised that lockers and desks are the property of the Buckeye Local School District and are subject to inspection by authorized school personnel. Students are responsible for any and all contents found in their lockers and desks and will be held responsible for any violations of school rules that occur in their assigned lockers. **No student is permitted to share a locker/desk without the written permission of the administration, and sharing a locker/desk does not excuse either student from being responsible for the contents within the locker/desk at all times.**

Search of Student Vehicles: Students who exercise the privilege of driving, riding or parking a private vehicle on school property are subject to a search of that vehicle upon reasonable suspicion that the vehicle contains unlawful material or material which violates school regulations. Refusal to cooperate with such a search will result in denial of driving privileges, possible reports to law enforcement and school disciplinary procedures.
